INTRODUCTION

MANY of Gorham's customers who (like their parents and grandparents before them) have bought Gorham silver all their lives do not know that this long-established house has a special department for designing and making the various articles required for the use or adornment of churches.

The visitor at the Fifth Avenue store will find that The Gorham Company is prepared to supply the artistic requirements of any church, from the smallest chapel to the largest cathedral in the land.

It is surprising into what varied fields the natural growth of a great firm like Gorham's will lead. Twenty-nine years ago this firm (shortly to round out a full century's existence) began to make silver Communion Sets for churches. From that has grown the big and comprehensive Ecclesiastical Department of to-day.

This branch of the business is in the hands of men who have grown up in it and made it their life study. The artists are men who have adopted ecclesiastical art as their life work. They are the foremost men in America in this branch of art. Their work is executed with reverence and sympathy.

The Gorham Company can equip a church throughout. Their designers cooperate with the architect in planning the interior fittings and details, thus combining practical experience with purely artistic training, resulting in the enduring beauty of the church edifice.

A feature of the Gorham business is the conversion of family and personal heirlooms of gold, silver, and jewels into memorials for church use.

The productions of this department may be purchased from any of the leading jewelers.

THE GORHAM COMPANY

Should the recipient of this catalogue have no use for it, he would perhaps confer a favor upon others by passing it on to some churchman or layman whom he thinks may be interested in it.

MEMORIAL TABLETS

WITH the increasing use of bronze for architectural and decorative purposes, there has come a wide demand for Mural and Commemorative Tablets in that material, and bronze memorial tablets made by The Gorham Company may be found in the churches of almost every large city in the union.

It is impossible to establish a schedule of prices for such memorials, as each single tablet must be treated as a separate order and carefully studied as to its possibilities and the requirements of the case. The tablet should be arranged to harmonize with its environment.

While bronze is perhaps more used for memorial tablets than any other one material it is often advisable to combine it with colored marbles or mosaic. Very artistic effects are obtained by this means.

The Gorham Company is always ready, upon application, to furnish special designs for such work.

In any request for designs and estimates, please let us know the size of tablet required; whether it is to be placed indoors or out, the material preferred; whether it is to have its greatest dimension vertically or horizontally and the probable inscription.

A separate pamphlet on Memorial Tablets will be sent to any address upon request.

FOURSCORE AND SEVEN YEARS AGO OUR FATHERS BROUGHT FORTH ON THIS CONTINENT A NEW NATION, CONCEIVED IN LIBERTY, AND DEDICATED TO THE PROPOSITION THAT ALL MEN ARE CREATED EQUAL.
NOW WE ARE ENGAGED IN A GREAT CIVIL WAR, TESTING WHETHER THAT NATION OR ANY NATION SO CONCEIVED AND SO DEDICATED, CAN LONG ENDURE.
WE ARE MET ON A GREAT BATTLEFIELD OF THAT WAR. WE HAVE COME TO DEDICATE A PORTION OF THAT FIELD AS A FINAL RESTING PLACE FOR THOSE WHO HERE GAVE THEIR LIVES THAT THAT NATION MIGHT LIVE. IT IS ALTOGETHER FITTING AND PROPER THAT WE SHOULD DO THIS. BUT IN A LARGER SENSE WE CANNOT DEDICATE—WE CANNOT CONSECRATE—WE CANNOT HALLOW—THIS GROUND. THE BRAVE MEN, LIVING AND DEAD, WHO STRUGGLED HERE, HAVE CONSECRATED IT FAR ABOVE OUR POOR POWER TO ADD OR DETRACT. THE WORLD WILL LITTLE NOTE NOR LONG REMEMBER WHAT WE SAY HERE, BUT IT CAN NEVER FORGET WHAT THEY DID HERE. IT IS FOR US, THE LIVING, RATHER, TO BE DEDICATED HERE TO THE UNFINISHED WORK WHICH THEY WHO FOUGHT HERE HAVE THUS FAR SO NOBLY ADVANCED. IT IS RATHER FOR US TO BE HERE DEDICATED TO THE GREAT TASK REMAINING BEFORE US—THAT FROM THESE HONORED DEAD WE TAKE INCREASED DEVOTION TO THAT CAUSE FOR WHICH THEY GAVE THE LAST FULL MEASURE OF DEVOTION—THAT WE HERE HIGHLY RESOLVE THAT THESE DEAD SHALL NOT HAVE DIED IN VAIN—THAT THIS NATION, UNDER GOD, SHALL HAVE A NEW BIRTH OF FREEDOM—AND THAT GOVERNMENT OF THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE, SHALL NOT PERISH FROM THE EARTH.

STAINED GLASS WINDOWS

IN the making of Stained Glass Windows The Gorham Company has avoided, on the one hand, the mistake of those earlier Gothic revivalists who replaced Art with Archæology and, while imitating the crude draftsmanship of the ancient craftsmen, lost entirely the spirit and charm of the originals. On the other hand, it has eschewed the meretricious effects aimed at by that later school which strove to reproduce in glass the pictorial effects properly belonging to another medium.

The Gorham Company's workers realize that a Stained Glass Window is not an easel picture, to be isolated in its own frame from objects surrounding it, but that it should form an integral part of the decorative scheme of the building in which it is placed.

Hence they are accustomed to seek the sympathetic and suggestive cooperation of the architect, where possible, or, if called upon to add to the attractiveness of existing work, to take its architectural features and surroundings into very careful consideration.

Only thus can be assured the production of Stained Glass Windows, which, pre-eminently beautiful in themselves, shall effectively harmonize with the general effect of the building, ecclesiastical or domestic, it is their mission to adorn.

NOTE. When writing for designs and estimates for Memorial Windows, give as full information as possible upon the following points:

The size and shape of the openings. (A rough diagram will be sufficient for the preparation of the preliminary designs.)

The position of the window in the church, whether on the north or south side of the building, as the designer should know whether it will receive the brilliant illumination of direct sunlight or only the diffused light which would enter from the north side.

What subjects are desired; or, if the selection is left to us, inform us as to what subjects are already depicted in the other windows of the church. If the amount of money to be expended is definitely limited, make mention of that fact, in order that our design may be made in accordance therewith.

If for any reason it is not deemed advisable to have the entire memorial inscription on the glass itself, it may be put on a bronze tablet and bolted to the church wall below the window.
